Re: Strategic Planning Framework

Purpose:

The September 17, 2015 Planning and Policy Committee (PPC) meeting will be used to continue discussion of the strategic planning framework that was introduced at the August PPC meeting.

Staff will provide a more detailed overview of the various frameworks – organizational, programmatic, and operational – and the process proposed to use them for (1) finalizing the 2016 budget and (2) evaluating and aligning programs under the 2017 Comprehensive Plan. Staff will be seeking the Committee’s feedback regarding goals and expectations for this process.

If there are questions in advance of the meeting, please contact Becky Christopher at 952-641-4512 or bchristopher@minnehahacreek.org.
